

RAÚL MONTERO

Web Developer || Brooklyn

BRAND STATEMENT

As a burgeoning developer and proponent of social justice, my passion is to create accessible applications with code that is composed and discernible. Utilizing my administrative experience, I enjoy strategizing paths to success and encourage constructive communication to produce work of the highest quality. I strive to immerse myself with a brand that is intent on crafting innovative, dynamic programming with an egalitarian ethos.

SKILLS

+ Frontend: Javascript, HTML, CSS, React, Ruby
+ Backend: Node.js, Express, SQL, Rails, Postgres
+ Git, Github, MS Suite, BlueBeam, Textura

PROFESSIONAL CAREER

Web Development Immersive

General Assembly | April 2018 - present

- Underwent a rigorous, 12-week curriculum to learn half a dozen new programs for fullstack programming.
- Completed four unique projects independently as well as with other developers & designers, including:
 - A user-facing database to assist citizens in quickly filtering out information on their direct representatives at all government levels using the ProPublica API and React.
 - An Express and Node.js CRUD app that allows users to create and share volunteer projects.

Financial Project Administrator

Shawmut Design & Construction | October 2013 - April 2018

- Utilized several billing programs to review and process subcontractor payments at various levels, owner invoices, & job cost transfers.
- Acted as liaison between subcontractors, Project Management, Risk Management, Finance, and other departments to facilitate proper workflow.
- Issued and updated project templates, subcontractor invoicing, contract documents, insurance certificates, team meetings, and closeout document collections.

Editorial Assistant

Wedge Group, LLC | January 2012 - present

- Edited documents that required a quick turnaround for grammar, formatting, & consistency in vernacular.
- Merged given data & statistics into a cohesive and quantifiable document for the COO to pass along to colleagues & clients for deliberation.

Specialty Cheese Buyer

Whole Foods Market | January 2011 - January 2012

- Developed merchandising plans per seasonal market trends & set up innovative displays within the Specialty Department, as well as collaborative displays with other departments.
- Cultivated healthy relationships with customers, vendors, and other departments through market events and in-house sampling and demonstration
